

CAGLIARI TRAMWAY

CSO MONITOR:
TI ITALY

RELEVANCE

SECTOR

PROCUREMENT

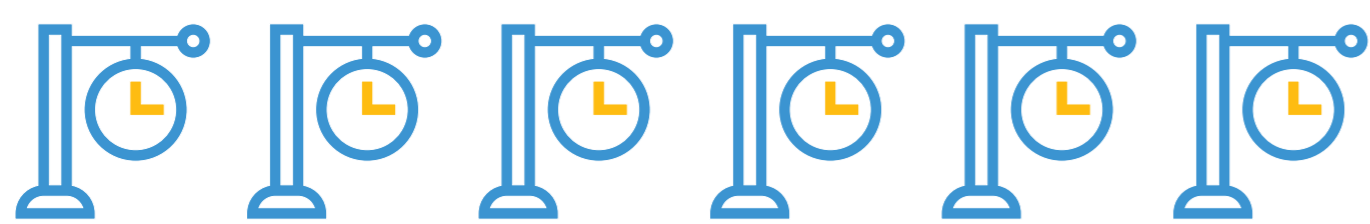

EXPECTED # OF BENEFICIARIES

400,000 citizens of Cagliari

KEY STATS

6 NEW STATIONS will be added

7,100 potential users of the service every day

The final **2.5km** extension of the city's tram service between Piazza Repubblica and Cagliari railway station will connect the tramway with the transportation hub of the city

CHALLENGES AND ACHIEVEMENTS

CHALLENGES

- > Delay in the tender phase not communicated publicly, timeline not officially updated.

ACHIEVEMENTS

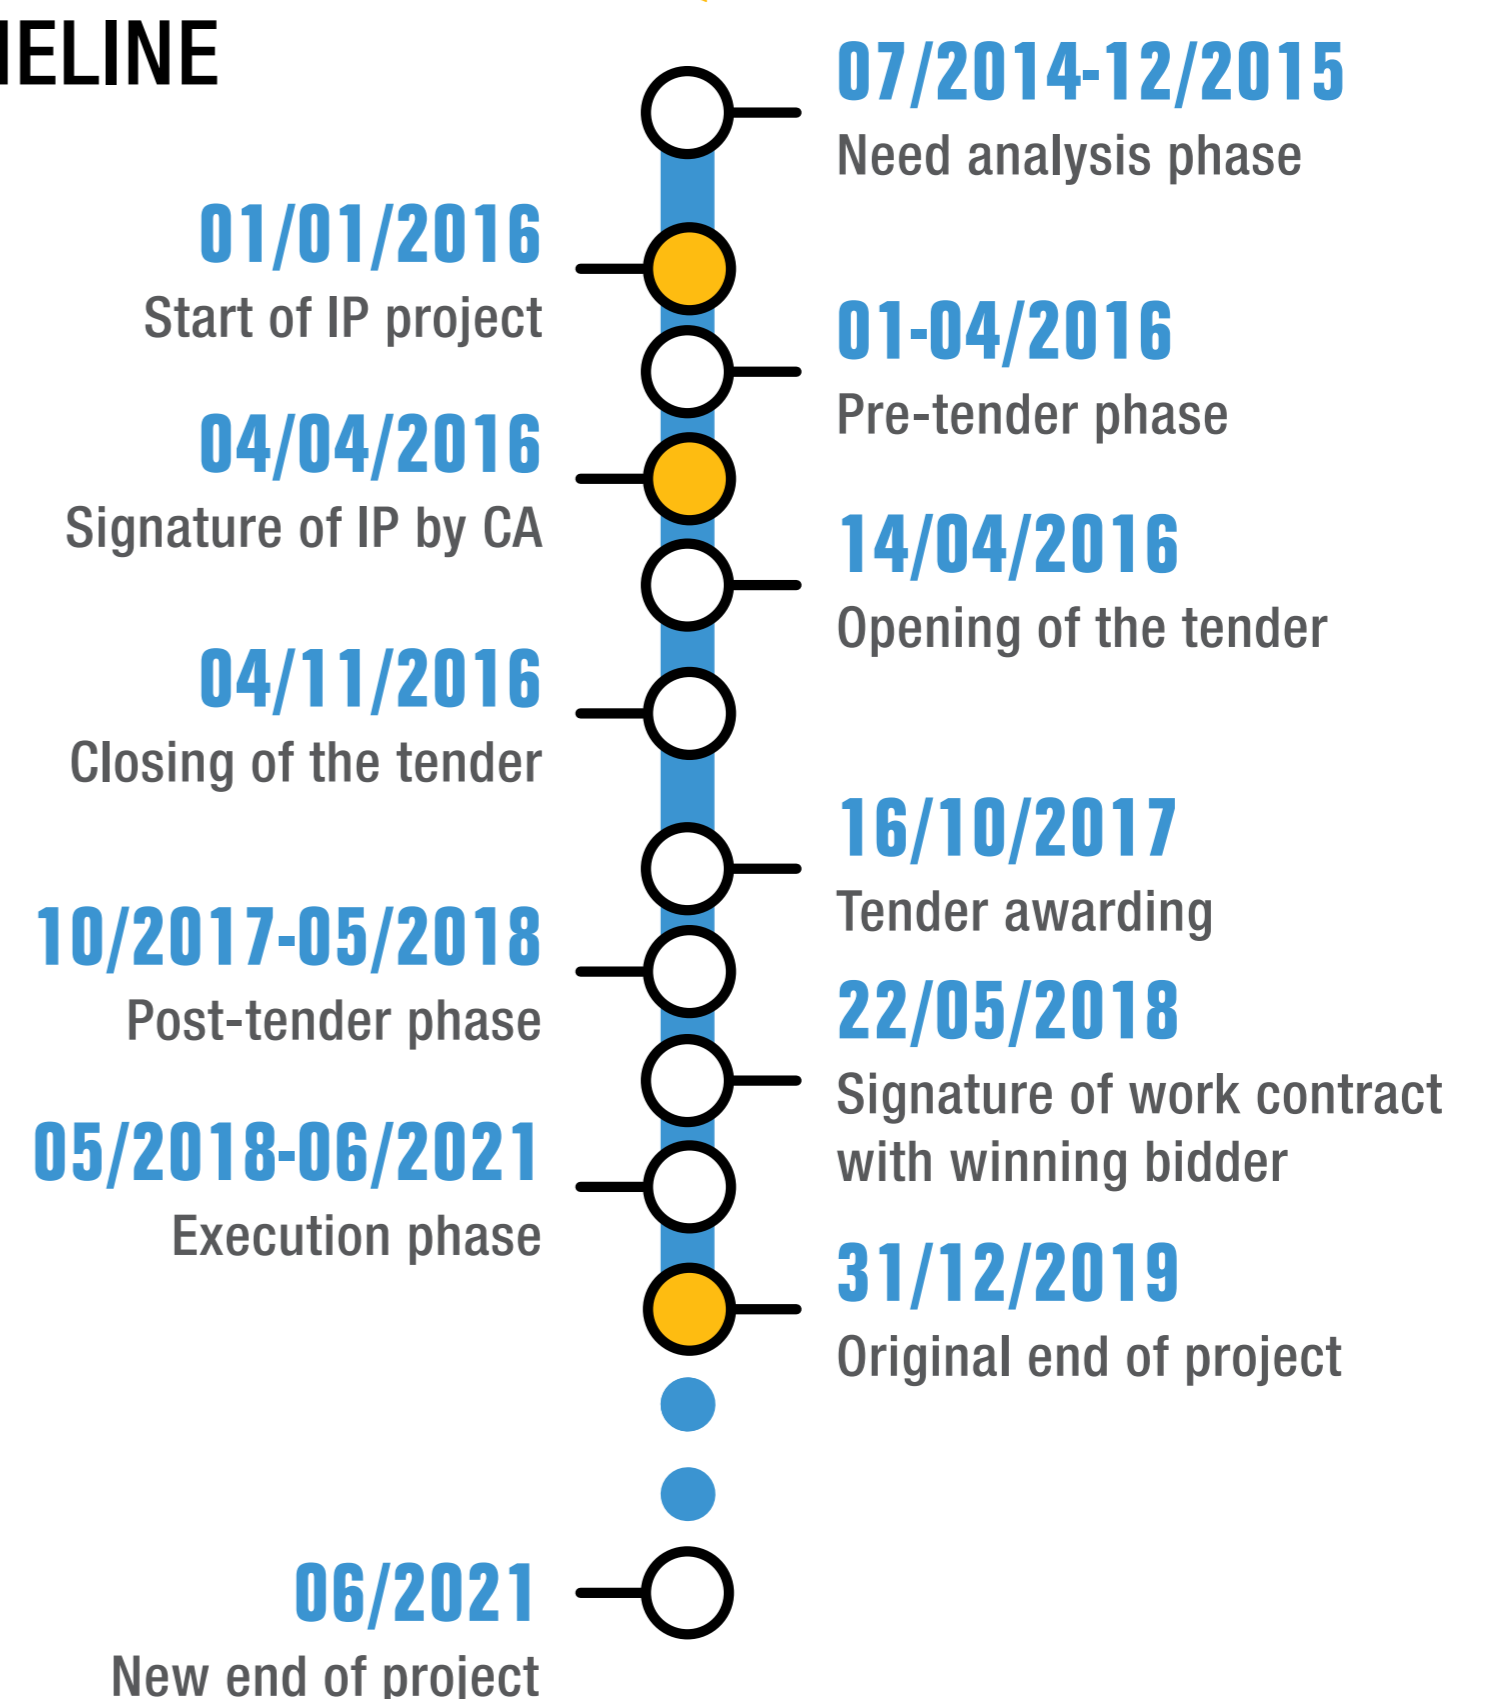

- > Whistleblowing training in June 2017
- > More transparent procedure by the Tender Commission, thanks to the IP
- > On-going creation of an open data platform on payments
- > Mid-term monitoring meeting with CA to discuss short, medium, and long term recommendations (in May 2018).

PROJECT

LOCATION

TIMELINE

COSTS

€22.5 MILLION for the whole project (incl. tender phase)
Current estimated costs of the works amount to €18,9 million

WHAT'S NEXT?

- > School on civic monitoring for citizens that will take place on 6th and 20th November and 4th and 18th December + a "mapping party" on the place where the future tramway will be built
- > National Stakeholder Event in June 2019
