€ 83.4 MILLION

per year through public tenders

Vilnius is the capital city of Lithuania, it has almost

600,000 INHABITANTS

PROJECT

LOCATION

LITHUANIA

Vilnius

TIMELINE

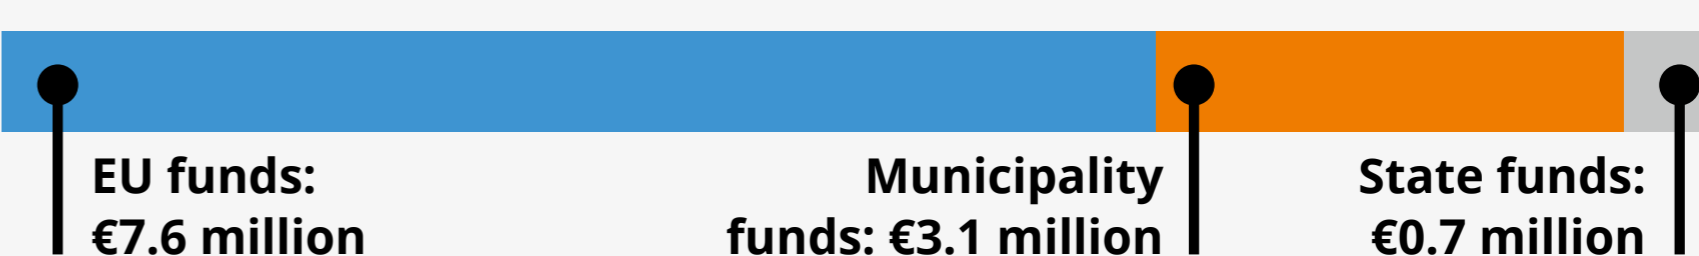

COSTS

€ 11.4 MILLION

Overall budget of 2 monitored projects

CHALLENGES AND ACHIEVEMENTS

CHALLENGES

- Unforeseen delays in the project start

ACHIEVEMENTS

- TI Lithuania provided 120 key recommendations (out of 600) for all 6 procurements
- Approximately 1/2 of those key recommendations have been fully taken on board by the contracting authority

OPPORTUNITIES

- Introduction of advocacy mapping in organization's work
- Application of behavioral science approach to anti-corruption monitoring
- Increased understanding of corruption risks in public procurement processes

WHAT'S NEXT?

- Publication of insights from monitoring
- Public consultation with the members of affected communities
