## **20th International Anti-Corruption Conference, December 6-10, 2022**

### **How to ensure maximum transparency and accountability of the post-war reconstruction and recovery of Ukraine**

*December 7, 8:30 AM – 10:00 AM (Washington D.C. time)*

*Palladium F4T, Omni Shoreham Hotel  
2500 Calvert St NW, Washington, DC 20008, USA*

Russia's brutal, illegal invasion has caused devastating damage to the civilian and military infrastructure, razing entire cities to the ground and leaving around 800,000 people homeless. To support Ukraine, many international partners and donor institutions have already pledged to contribute to the post-war reconstruction of Ukraine, which according to preliminary estimates of the Ukrainian government, will cost more than USD 750 billion. Since big money is always linked to high corruption risks, the task of Ukrainian authorities and civil society will be to develop and implement approaches that would ensure transparency and accountability for post-war reconstruction and recovery of Ukraine and increase integrity, sustainability and efficiency of the recovery process.

The panel debate organized by Transparency International Ukraine, the USAID Support to Anti-Corruption Champion Institutions program in Ukraine (SACCI), the RISE Ukraine coalition, and the Open Contracting Partnership, will bring together the top stakeholders from the Ukrainian government, civil society, international think tanks as well as partners of Ukraine to discuss the existing approaches, challenges, and elaborate on ways of how to ensure maximum efficiency, transparency and accountability of post-war reconstruction and recovery of Ukraine building on Ukraine's and international best practices of oversight, transparency and accountability.

#### **Speakers:**

- **Oleksandra Azarkhina**, Deputy Minister, Ministry of Infrastructure of Ukraine
- **Eka Tkeshelashvili**, Chief of Party, USAID Support to Anti-Corruption Champion Institutions program in Ukraine (SACCI)
